

THE OXBOW LOOP

Old Time Square Dance Figure Done in a Circle of 4

Visiting couple leads to the right to circle 4 once around. On the call "Gent backs thru with the oxbow loop" lead gent turns his back to the opposite couple and raises his left arm high while facing his own partner and then backs around the other gent all the way back to place to end in a circle of 4 as in the beginning. Hand holds are never released.

As called by P.J. Kermiet of the
1975 Lighted Lantern
